WARRANTY

Limited Warranty

LFS Designs Limited Warranty, 5 years on frame and frame components is defined by the life of the original leather. Recovering the frame voids all warranties because in recovering, some or all components may be changed. This warranty does not cover damage as a result of misuse, improper cleaning, rental or commercial and institutional use. Leather is a natural material and minor variations between floor samples and custom-order pieces may occur and are not covered under this warranty.

Springs

LFS Designs warrants to you, the original retail purchaser, protection against manufacturing defects of frames and seat springs. This warranty applies for 1 year of the product as long as it remains upholstered in the original leather, and is used under normal wear, in normal conditions.

Cushion and Mechanism

LFS Designs warrants to you, the original retail purchaser, protection against abnormal loss of resiliency of the upholstered furniture, for 1 (1) years, as long as it is used under normal wear and other normal conditions. Abnormal wear and abnormal loss of resiliency should not be confused with softening and flattening of the foam and fibers, which are considered normal wear, and are not defects.

Filling Materials

LFS Designs warrants to you, the original retail purchaser, protection against loss of resiliency of filling materials for one (1) year. Compressing of polyurethane foam with use is not considered loss of resiliency.

Leathers

LFS Designs leather is warranted for a period of one (1) year. No two pieces of leather are exactly alike. Variations and marks occur naturally and are not defects.

In the Event of Defects

Report any defects promptly to us with proof of purchase. If needed repair is covered under warranty, will make arrangements. Covered repairs will be completed within a reasonable amount of time. If product is more than one (1) year old, the original purchaser is responsible for cost incurred in shipping and labor for repair.
